Public transport

Budapest University of Technology and Economics (BME) is located right on the Danube bank, in the heart of the city - (metro, bus and tram stop - Szent Gellért tér), close to the main attractions and public transport lines. LP group pay maximum efforts to organize all events in walking distance to each other. All recommended hotels are also in the city center, 15-20 minutes walking availability. Therefore, the necessity and frequency of public transport use is for your own choice. In Budapest public transport one way ticket costs 350 Ft (1.2 euro). For joint trip (e.g. to get from/to the airport using bus+metro) you may buy one way combined transfer ticket per 530 Ft (1.8 euro). Additional, more profitable, options exist for 10 tickets package (3000 Ft=10 euro), for 72 hours (4150Ft=14 euro) or 1 week passes. All the variants you will find in the special public transport ticket mashine (purple boxes) in metro, on bus/tram stops.

Do not forget to validate your ticket before the entrance to the metro, inside of buses and trams, keep it to the end of the trip (to avoid fines).
